# PAN CARD VERIFICATION REPORT

*(Portfolio sample)*

**Role:** Document Verification Associate *(simulated)*

**Report Type:** Identity Document Authentication

**Date:** November 27, 2025

This sample report demonstrates the verification workflow for a Permanent Account Number (PAN) card. *All data used in this report is fictional and created for portfolio purposes.*

## 1. Document Details Submitted

• Document Type: Permanent Account Number (PAN) Card

• PAN Number: ABCDE1234A

• Name on Card: Rahul Menon

• Father's Name: Suresh Menon

• Date of Birth: 12/08/1998

• Issue Authority: Income Tax Department, Government of India

• Submitted File Type: JPEG (front side only)

## 2. Preliminary Visual Inspection

A visual examination was conducted to assess physical and security features based on the standard design of PAN cards issued by the Government of India.

**Observations:**

• Card layout and typography consistent with official PAN format.

• Hologram placement appears accurate and aligned.

• Signature field visible and correctly positioned.

• QR code present; no signs of pixel distortion or tampering.

• Background microprint intact without irregularities.

## 3. Metadata & Digital Forensics Check

The uploaded image file's metadata was reviewed.

**Findings:**

• File format: JPEG

• No signs of editing detected in metadata tags.

• Compression pattern consistent with mobile capture.

• No anomalies suggesting manipulation or layering.

## 4. Cross-Verification with Standards

A comparison was performed with reference samples of valid PAN cards. The following elements

were checked:

• Font type and size

• Color scheme and gradient background

• Alignment of the PAN number and name

• Security hologram characteristics

All checked elements matched expected standards for PAN cards issued after 2016.

## 5. Authenticity Assessment

Based on the document's visual integrity, metadata consistency, and alignment with official PAN card standards, the submitted document shows **no indicators of forgery or digital manipulation**.

**Verdict:** Document appears to be **Genuine** (subject to database confirmation).

## 6. Recommendations

• Verify PAN number using NSDL/Income Tax e-verification portals.

• Request back-side image for complete review.

• Conduct identity match with additional KYC documents.

• Perform facial comparison with live/selfie photograph if required.
